## POST GRADUATE DEPARTMENT OF COMMERCE & RESEARCH CENTRE IN ASSOCIATION WITH M G UNIVERSITY KOTTAYAM

Organises Two Day National Seminar On

# Leveraging Financial Investment to Enhance Inclusive Growth

Foreign investment plays a crucial role in driving inclusive growth by providing access to capital, technology, and global markets, which can uplift various sectors of the economy. By attracting foreign direct investment (FDI) and foreign institutional investment (FII), nations can stimulate job creation, infrastructure development, and innovation, especially in underdeveloped regions. This, in turn, promotes equitable economic opportunities and reduces income disparities. In the context of emerging economies like India, leveraging foreign investment effectively can lead to sustainable growth, fostering socio-economic inclusivity and empowering marginalized communities. This seminar will explore strategies to optimize foreign investment for inclusive and balanced growth.
